PARAGRAPHS OF INTEREST.

CAUGHT. softly falls the summer moonlig Where a boat with youth and ma

is sheer ignorance and presumption—the imitation of them is above, not below, the highest giers, although ener art. They are for the most part transless, and if they would; they have a brilliancy and force, combined with a subtlety and delicacy, not to be attained by the rude and imperfect materials with which the painter works. It should be remembered that nature has colors compounded of sunlight not to be found on his palette. But these effects, stored in his memory, become food for his imagination, which is worth little unless fed by such food drawn plentifully and freshly from nature. He may compose Flour, Feed, Grain, Hay & Straw. and combine recollected effects with advantage, but the more reslistic his painting-in-

other words the more nearly it approaches the forms and colors of nature—the greater will be mind that in the power of impressing the imagination-his highest aim-nature is greater than he, and that only by obeying her can be command. I have used the word "realistic," which I am aware is an abomination to many persons who regard the "real" as something antagonism, they work together in perfect har-Dante and Shakespeare were at once the most imaginative and realistic of poets. How terribly real is most of the "Inferno!" How terribly real is the ghost scene in "Hamlet!" The Madonna di San Sisto of Raphael would impress us less where not the ideal beauty of the Virgin combined with the form of a real and oreathing woman, well modeled, parfectly symmetrical, natural in its attitude, with drapery disposed in natural folds, standing out from the background sounded and solid; not a mere flat piece of color such as now seems to be regarded by a certain school as the highest

TRUE OF TOO MANY BOSTONIANS. Not long since a member of Boston's inmost hated wherever we go because of our egotistical exclusiveness, ungenial manners, and pointed disrespect of others." Few, however, of his set possess similar perception and frankness, He was a person of distinguished culture, extensive travel, and instructive generosity, consciously enslaved by his position, which had generated a selfish apathy, not easily, if ever, to be quite overcome. An affected social isolation reacts on itself, and those who findange in its extremes in turn are avoided quite as persistently as they avoid others. I have heard it not unseldom said by clever and agreeable persons that they avoid certain classes of Bosionians on general principles in travel, because propensity to use people simply for their own good society everywhere else. In plain language, they are hidebound by supreme selfishness and that astounding conceit which renders One innkeeper-this was at the South-object ed to Bostonians because they tended to keep other guests away from his house. This is unby senseless antegonism. Although in themwounded self-love they swell into intense pre-judice, if not active hate. Politeness from alone can so sweeten human inter course as to make it perennially enjoyable. Letter of James Jackson Jarves, in N. Y. Times.

The Factory and Farm states a fact which we large horses used on trucks and heavy business wagons. During the past fifteen years, the in the demand for horses in this country. Formerly nearly every one bred in relation to speed | umns, and in two hours afterward the satural and endurance. Now a large proportion of farmers breed with a view to increasing size site can best that. A gentleman called sted and strength. This change is not the result of ; left an advertisement for a lost dismond stall, caprice. There has been a steady, increasing and on going home found it on his de demand for heavy horses, and a corresponding falling off in the demand for light ones. Fash-ion has had little to do in the matter. Heavy BLOOMFIELD RECORD OFFICE, ing want. From present appearances it will the scales at eighteen pounds. White
